

## What the Bible says about Alien Abductions

A new one on all of us!

While explaining my work in ministry, I usually get a response of laughter that turns into blank stares of perplexity when people realize I'm not joking with them about Alien Abductions. Unfortunately this subject is looked upon as a Jerry Springer freak show topic and the stuff for supermarket tabloids. I realize that most of the laughter is not from a lack of compassion, as it is more from a lack of information. This is a new one on all of us. While the News media mocks and pokes fun at the subject creating this lunatic fringe image, there is another side to this phenomena. Many professionals in fields that have crossed paths with these strange events are taking this subject seriously.

Abductions are taken seriously

In the summer of 1992 at MIT Cambridge, Ma, The Abduction Study Conference was held. On the board and in attendance were many Doctorates of various professional fields of study and practice, including a Nobel Prize winning Psychiatrist. These professionals from a wide variety of fields found themselves involved with the abduction phenomena.

Some have been from the medical profession who have removed foreign objects or recorded sudden known pregnancies that were no longer the case with no evidence of a natural termination. Most have been mental health professionals who have recorded cognitive and regressive stories of abductions at the hands of similar non-human entities. Others have been the many researchers and investigators of the UFO phenomena. They also have credible backgrounds with testimonies and records of cases involving the abduction phenomena. A 690-page book was published from their results of scrutinizing over 300 of the most credible documented cases. What was particularly important to me was the fact that most of the cases selected were ones which the abductees had cognitive memory of their experiences. Their findings were both objective and thorough as anyone could possibly be at this present time. Without their knowledge, many of their findings agree with what the scriptures also declare about this phenomenon. Some findings were even conflicting with many personal beliefs but objectively reported anyway. The Conference truly reflected the finest in objective examination of a very misunderstood problem.

Typical Abduction scenario

Abductions are most common in two situations. They are either in the late night hours intruding upon a person asleep in their bed, or in an isolated remote area at night, either driving on a road, camping or simply taking a quiet walk.

The typical bedroom intrusion abduction in most cases includes a form of forewarning such as a ringing or humming noise that is more internal than external. A sudden bright light or beam of light maybe projected into a room. There can be a sudden waking from sleep to a presence in the room with the inability to move. Sometimes there is a sensation of floating through a wall or out a window into a bright light or craft. Being strapped onto a bare metallic examination table with attached equipment and surrounded by small reptilian gray "aliens" with oversized heads and bulbous black eyes. Also the taller insect-like "leaders" are seen. Many times abductions are during a UFO sighting in a remote area at night. The only thing remembered was seeing an object and resuming their actions but with a loss of time up to several hours. Sometimes cars have been miles from where they were at the time of the sighting. Sometimes clothes have been replaced improperly. People have found themselves in different places than where they had the sighting and not remembering how they got there. The medical examinations are the most predominate theme to abductions. These examinations include extraction of semen and eggs. Dr. David M. Jacobs gave testimony that: ...women report that rather than an egg being collected; they know something has been implanted in them. At the end of the procedure, they might be told that they are now pregnant...the women have engaged in absolutely no sexual relations at the time of the pregnancy... ..What is reported far more frequently is that the women feel that they are no longer pregnant after one to eleven weeks...fetal extractions appear to be far more common than once thought and there is reason to believe that the majority of female abductees might have had these procedures... They appear to be the central focus of the abduction phenomenon and is possible that they are the reason for the UFO phenomenon in general"

Also included is the insertion of objects into the sinus cavity, hands and feet or scoop marks where skin and tissue have been removed. In most cases the memories of these events are erased only to surface later as bad dreams. Also, sudden memory flashes that are almost immediately repressed by the conscious mind in fear are experienced. The sporadic and incomplete regaining of these memories cannot be discredited as mass hysteria produced by Hollywood or Jerry Springer. This scenario is typical of thousands worldwide and may not include all events but the typical abduction includes many. The patterns are consistent regardless of what part of the world it may have happened. These many reports cannot be so easily dismissed. Something very real is happening to many people.

Where is the proof?

The first demand by most everyone is, "Where's the proof?" The proof is there, but it is a matter of perception. There are thousands of cases. They all have these similarities and pat-

terns of the above particular sequence of events. The claims are much more than mass hysteria or mere coincidence. To claim this is hysteria, created by the media, is demeaning to those who have had the experience. It is also inconsistent to an earlier history of similar cases documented long before the media even existed.

## A case in 1645

The late Carl Sagan researched the well-documented case of Anne Jeffries in 1645. She was found outside in a "fit" as records describe. This "fit" was more of a comatose state and she eventually came out of it. After this she was said to have received a clairvoyant and healing ability. Her memory of what happened to her before she fell into this fit is what is even more interesting. She recalled a half dozen little men that "paralyzed" her and took her to a castle in the sky. There she was seduced and then returned where she was found. Now it would be absurd to say that anything from that time could be confirmed. However, the fact is that a well-documented case of abduction was recorded in this early time, before T.V. and Hollywood. To disregard the many similar testimonies from so many ordinary people is both illogical and willful ignorance on behalf of the accusing skeptic. In many cases the abductee has more to lose than to gain by going public. When skeptics go further to accuse and discredit the individuals as being uneducated, ill informed or unstable in an effort to support their own unbelief, these actions are gross vane arrogance! Who has given these skeptics the standard or rule to measure others testimonies and experiences. What gives them some "enlightened insight" or edge on the knowledge of the subject? Where is the proof of their enlightened edge? These many testimonies are proof and should not be treated so lightly or so easily discredited by the vanity of skeptics!

## Hard Evidence

Smaller amounts of people have reported their abductors as tall, blond haired, blue-eyed Humanoids called the Nordics. Medical examinations and experiments by this group are said to be far less traumatic and painful. One such abductee who has learned to accept and even embrace his captors is David E. Caywood of Dearborn, Michigan. One of the well-known cases, it is probably one of the best examples with unexplained evidence left behind. A claimed abductee since a child, he prefers to be called an experiencer. He describes his Nordic abductors fondly and accepts their Theosophical beliefs. I talked with David and he is a very friendly, polite and intelligent man. He was very helpful in contacting other abductees for some of my own research. I do not agree with his worldview and feelings toward his captors. I believe he is wrong about his captors and is being deceived by them. Nevertheless, he carries within him evidence of something unexplained. A recent MRI scan in 1996 revealed an anomalous object at the base of his brain stem. Doctors have

stated that such an object if planted in that location should have killed him. They cannot explain its existence or purpose. They do not have the ability to remove it because it would kill him. Other silicone, crystalline and metallic objects have been removed from other abductees. They are kept as evidence. On examination they are composed of known earthly elements. Because of this, skeptics treat it as nothing but a hoax or a "normal" foreign object. If (as I believe) these implants were terrestrial in origin, we would expect them to be identifiable. Because the objects have nothing unknown, does not make it any less real. This is the smoking gun but it is still a matter of perception.

I personally believe that abductions are much more common and include a large part of the population since the late 40's. It is amazing how the human mind will tolerate and accept the unbelievable when there is no other alternative. Who would ever believe normal people could have this experience? And how do many of these normal people carry on afterwards? Many might keep up such a good front so that no one would ever know.

It happened to a normal guy.

The father of my childhood sweetheart is just such a case. In 1966, Ed, (Not his real name) a typical suburban husband and father of three children worked as a Detective for a major department store. He was about as far removed as a person could be from the idea of aliens and flying saucers. One night he woke up to hear the screaming of his daughter in her room. As he opened up the door to the upstairs hallway, the whole area was filled with a strange bright blue light emitted from her bedroom. He ran to the daughter's room where the source of this light was emitted from and opened the door. There crouched upon her bed was his terrified daughter pointing out the bedroom window screaming: " There, over there, they are right out there next to the big tree!"

As he gazed out the window there was a large, glowing, metallic object hovering behind the tree, shining a bright bluish light at the house. Suddenly it just disappeared out of sight, traveling at an amazing speed. After this event, Ed never shared this with anyone, even to this day. He sort of just passed it on without further pondering. Ed was an assertive, take-charge kind of guy. His job required this of him. Perhaps, because he could not reference this to any normal experience, as well as the helplessness of not being able to do anything about it, he just closed it out of his mind completely. One thing he did realize was that if this got out to anyone, his job and life could be greatly affected. Only after running into my old childhood friend 30 years later, did she share this event with me as she became aware of my research. On the outside you would have never known that this man could have ever had such a horrible experience. He never let this go beyond his own family. I asked my friend to ask her Dad what he thought about all of this now? With much more recent information and understanding, I was curious about what he might have to say. His only comment was, "I guess they were aliens."

He was reluctant to even say anything more after all this time, even to his own daughter. For over thirty years he has carefully kept this amazing story bottled up inside. How many other very normal people have had similar experiences that they have just bottled up and never mentioned?

### Confiding in the Pastor

As a Pastor not afraid of the supernatural, I have had many people open up to me with very extreme supernatural experiences of many different types. Two members of my congregation told me of "dreams" they had as children of "pumpkin headed people" that used to come into their room or little gray "stickmen". The latter experience happened to a woman who remembered her experiences as childhood "nightmares".

One night as she thought she woke up from one of her dreams, she found herself floating above her bed with a bright light shining from her window. It was only a dream wasn't it? She questioned the memories of her dreams as perhaps being more because of identifying the stickmen from a documentary she saw on TV about Abductions. The documentary triggered off further memories of floating and she became concerned. There may be much more to many of these childhood dreams than what is given credit for. The man who saw the pumpkin-headed people also attributed them to childhood dreams. He is 52 and was a child long before the popular image of the gray was known or published.

These are but a very few of many incidents never before published or made known to the public. Every investigator and researcher involved has their own files full of similar incidents. Something is going on. It is tangible and very real on the physical plane and not just illusions by Satan or mixed up magnetic brain wave patterns as some ridiculous claims have stated.

Abduction destinations are Subterranean not Extraterrestrial!

I believe most abduction cases are true. The problem is hypnotic regression. In the process it is hard to distinguish fact from imagination or possible demonic input. As the subconscious is brought out to the forefront, the imagination is a part of this. But how can you tell one from the other? You can't. From a Christian point of view, it is important to be in control of your own mind at all times. Passive forms of "letting go" gives possible control of your mind to other entities...this process is forbidden in the Bible for our own safety. Hypnosis places you in a mental place of no control!

In the Proceedings of the Abduction Study Conference held at MIT, thirty one out of the three hundred cases included the observation of a destination. The most familiar destina-

tion is into a mother ship. The abductees leave the small ship to find themselves in a "hangar" of a larger one. Some see an otherworldly environment. (But not the transition of leaving earth into space, or entering the alien world from space). Ten cases involve the actual transition, but all of them go into a subterranean world. In some cases the ship dives under the sea, enters a cavern or a dark tunnel hewn out of rock. In all the cases, they eventually see the otherworldly landscape.

Two distinct types are seen; one the landscape is sparse with sickly vegetation, usually more like a desert, with signs of devastation. Typically, it is dark or dim with a small reddish sun, if any at all. A futuristic city may thrive in the midst. The second landscape is one of a bright, but uniformly lit or diffused light, no sun, no horizon visible, with a lush, moist, heavily vegetated landscape also holding a futuristic city, but obviously subterranean. Both scenes are explained by the captors that their planet suffered some kind of disaster, and have a problem with reproduction. This, they say, is why they take eggs and sperm from us.

These same beings warn us that the same catastrophes are ahead for earth. Some experience a religious or mystical ceremony underscoring the preciousness of life. Transportation time between earth and the other world is at most a couple of hours. In spite of this evidence, these researchers insist on believing that these journeys are extraterrestrial. Evidence is overwhelmingly in favor of the fact that if true, they are never seen leaving or entering another world from space. They are always in a dark, or subterranean otherworld, and the travel time is negligible.

It never crosses the minds of these educated people that maybe the craft aren't leaving the earth at all, but rather going down into the earth. Assuming that this earth is not hollow because science says so, they go to another world that is hollow. If these stories hold any truth, as I believe they do, they are going to a real literal Hell in Sheol or Nod, not another planet!

I believe the integrity of this conference was very well done. Their own results support an inner earth destination and origin and not the E.T. agenda most want to believe. Yes, the Bible does speak in no uncertain terms of a literal hollow earth. Read the Booklet The Hollow Earth for scriptural details.

## Alien Abductions are a real problem

Until a few years ago, only those directly involved in the UFO investigating community have addressed this problem seriously. Because of this only route, the people who have gone through this horrible experience are in many cases led away from former Christian beliefs into a variety of different philosophies. From my perspective as a Christian Minister, this

could be like jumping out of the frying pan into the fire itself. You see, some of these philosophies and practices are generated by the same entities involved in the abductions! In this sandwich of a bad experience and then miss-guidance of counseling, the results are that Abductees are actually encouraged to continue on a path leading to acceptance and further abduction experiences. Instead of trying to escape this danger and deception they become a willing zealot to their agenda! This end result is called the Stockholm syndrome, whereby the victim becomes sympathetic to the captors desires and are willing to please them as they see a higher reason for their captivity.

## Taking a Fresh look at the Scriptures

. In this kind of review you must go back to the original languages used and look at many words and contextual usage in light of 21st century technology. As you do this, a whole new understanding is revealed. It is not that the Bible translators mistranslated many of the original words. Hebrew and Greek have many variations for the same word. Without understanding current technology, that was being described in a future prophetic sense, the translators used the only other correct alternative words, that for them, made any sense. In this understanding, certain Bible words are not mis-translated; it is just that their true meaning could not been fully understood, until such technology or events would reveal them by a re-examination! In this sense, it is like a time capsule. It is released on a need to know basis, dependant upon the increased knowledge and events existing at the proper time.

This is just what the prophet Daniel was told about the visions he received, as he was to record them in the Bible. "But thou, O Daniel, shut up the words, and seal the book, even to the time of the end: many shall run to and fro, and knowledge shall be increased... And he said, "Go thy way, Daniel: for the words are closed up and sealed till the time of the end." Dan 12:4,9 (KJV)

We are at that end. This is the time that these secrets are revealed. This is that time of knowledge increasing at such a rapid rate never before recorded in our known history.

So what does the Bible have to say about Abductions? Some scriptures allude to abductions stealthily searching for something in man. In Rev 9:4,5 locusts ascend out of the bottomless pit when it was opened by an angel with a "key". For five months the Locusts function is to "sting men" but not kill them. Biblical time does not have to be literal. At this time I have no clue as to what this period might be...yet. The word for Locusts, in context has a pattern of a symbolic meaning, as nations. The word for the "stings" that they give, only to those who have not the seal of God in their foreheads, has an etymology that suggests the sting as a touchstone. It was a stone used to test the quality of silver and gold by scratching it upon the stone. I believe this is also in reference to the abductions going on right now. The abduc-

tions might also be alluded to in Joel 2 as this same invading army of Rev 9. In this description, "they shall climb up upon the houses; they shall enter in at the windows like a thief." They need something from the genetic makeup of mankind. They extract this stealthily in the night. These creatures seem to only operate in the darkness of night in clandestine, sneaky ways. Also, in this text, Joel describes an army that is not your normal earthly one. Here is another rendering, going back to the original languages, using other proper variables of word use.

"A day of ignorance and concealment, a day of practiced magic and the lowering of high things, as the dawn spreads out upon the mountains, a huge abundant congregated mighty people come into existence that has never been before and shall never be after... and when they fall upon the sword, they shall not be wounded." Joel 2:1, 2, 8.

This is not a normal army but rather some neither world army of darkness! This invasion is not even a single event. The Apostle Jude mentions these same beings as a clandestine infiltration causing disorder and creating lies against God all throughout the history of mankind..

"For there are certain men crept in unawares, WHO WERE BEFORE OF OLD ordained to this condemnation, ungodly men turning the grace of God, and our Lord Jesus Christ,, Likewise also these filthy dreamers defile the flesh, despise dominion, and speak evil of dignities...But these speak evil of those things which they know not: but what they know naturally, as brute beasts, in those things they corrupt themselves. Woe unto them for they have gone the way of Cain...These are spots in your feasts of charity, when they feast with you, feeding themselves without fear: CLOUDS are they WITHOUT WATER, carried about of winds: trees whose fruit withers, without fruit, TWICE DEAD, plucked up by the roots; Raging waves of the sea, foaming out of their own shame; WANDERING STARS, to whom is reserved the blackness of darkness forever. And Enoch also, the seventh from Adam, prophesied of these, saying, "Behold the Lord cometh with ten thousands of his saints, To execute judgment..." Jude 4,8,10,12-14, (emphasis mine)

Now, in context, it is rather hard to see these people as mortal human beings. Let's review the evidence as stated in Jude1.

1.who were of old, - Not liking the appearance of what this means, the preferred accepted rendering of today is said to mean, who were written about of old. Implied from this it is the sense that these were not the ones of old (solely based on belief that this is impossible) but rather just written about of old. In the Greek, this phrase implies that those who were written of old are the same characters Jude describes in context of his letter. They are clearly the same ones of Old!

2. Ordained to this condemnation - In this sense, these men mentioned are part of the old, and are destined to fulfil this role. Why? Because they are something that should have never been in the first place, and unredeemable.

3. Clouds without water- Defines the last statement! This could have a dual meaning. First they are compared to as a cloud without water. A cloud is composed of water vapor. The indication here can only mean they are something similar, only in appearance and not composition. Water is also symbolic of the spirit. This could also be implying that this is a vessel without a spirit.

4. Twice dead- This can be referring to the opposite of the idea of being twice born, to be born once in the flesh, and again once in the spirit. The saying goes, "Born once, die twice, Born twice die once." To be dead twice, in this sense, is to be dead spiritually, and to have already been dead once before the flood! The same men of old, men of renown.

5. Wandering stars - This is a term for fallen angels. In the broadest sense, the term can mean any messenger. But again in this context the same judgment imposed upon the "angels that sinned" is mentioned here also, the blackness of eternal darkness forever.

The rendering of the term "strong delusion" of 2Thessalonians 2:11 is more accurately defined as "wandering error". The same wandering error sent by God for all to believe that will not believe in him. This suggests GOD is still in control! Even to something as horrible as this!

The text here reviews and uses every term for these beings called the men of renown, of which a judgment was given, and a destiny to fulfill at the end of time. Clearly these are not mere ungodly human beings that are spoken of here. Jude concludes that these are the same ones that Enoch prophesied against before the flood. This mention overlaps the already mentioned rebels and their offspring. They have sown discord, rebellion and inspired false doctrine and worship. This is the outcome of a plan. We have to go back to a time before the Great Flood to understand just what has happened then, and how abductions assist in this plan today.

The Genesis 6 Controversy: What really happened?

Abductions are only the process by which a problem is trying to be solved by rebels of God. In order to understand why, we must take a look at our ancient past. A great controversy within Christianity is the interpretation of the Genesis 6 flood account. The conflict comes from the unsound doctrine that spirit and flesh cannot interact with each other.

Jesus stated, " But as the days of Noah were, so shall also the coming of the Son of man be." Matt 24:37

If, we are near the second coming of Christ, as many Christians believe, understanding events prior to the flood would become very important. We have been warned that many events leading to the flood would repeat themselves, just prior to the return of Christ. The genetic activities of the hybridization of the human race happened in our past just before the Great Flood of Noah's time! Today's events with UFO's and Alien Abductions are a reflection of what happened back then. It is a pivotal event of the whole flood story and one that must be understood in order for anything else to make sense.

Here is the account of the Pre-flood situation as recorded in the King's James version. Right after that I will give a rendering based upon the original languages with a 21st century explanation.

"Now it came to pass, when men began to multiply on the face of the earth, and daughters were born to them, that the sons of God saw the daughters of men, that they were beautiful; and they took wives for themselves of all whom they chose. And the LORD said, "My Spirit shall not strive with man forever, for he is indeed flesh; yet his days shall be one hundred and twenty years." There were giants on the earth in those days, and also afterward, when the sons of God came in to the daughters of men and they bore children to them. Those were the mighty men who were of old, men of renown. Then the LORD saw that the wickedness of man was great in the earth, and that every intent of the thoughts of his heart was only evil continually...The earth also was corrupt before God, and the earth was filled with violence. So God looked upon the earth, and indeed it was corrupt; for all flesh had corrupted their way on the earth. And God said to Noah, "The end of all flesh has come before Me, for the earth is filled with violence through them; and behold, I will destroy them with the earth." Gen6:1-5,11-13

Now by reviewing some of the original words and applying other variations for the same words, with respect to contextual use, these variations can read out a little more defined like this. (In the appendix I will show you how to check my findings on these and other scriptures.)

"And it came to pass as when mankind began to be plentiful upon the surface of the earth, and female descendants were born unto them, that the fallen angels revealed themselves as messengers and determined who had moral goodness, and took them as wives; the ones who were tested and judged to be excellent. My vital spirit in man shall determine with understanding and not remain concealed from the ancient times past to judge with understanding. For that he is also a created mortal body, yet shall his days be a hundred and

twenty years. There were (giants) fallen ones, mighty tyrants in the earth, and also after that, when the fallen angels had sexual intercourse with the female descendants of mankind, and they bore children to them, the same became mighty ones, strong and tyrannical, famous warriors which were concealed from times past, eternal yet men who were weakened and made mortal. And God saw that the wickedness was great in the earth and that every imagination, purpose and desire of his being was only evil everyday...The earth also was marred and ruined to decay before and behold, it was pulled down to ruin; for all the blood relations had been polluted in their own pathways upon the earth and God said to Noah, "The end of flesh is come before me: for the earth is filled with violence through them. And I will destroy them from the earth." (Unofficial Jim W. version UJWV)

We are told that the "sons of god" (fallen angels) interbreed with the human race. Their objective was to undermine the first prophecy in the Bible. This prophecy stated that from the seed of a woman would come one who would crush the head of the serpent. This was the foretelling of Jesus, the Son of God and God the Son, who would become incarnate through the human lineage to redeem mankind. (Gen 3:15) By contaminating the human bloodline they tried to head God's plan off at the pass. They were only eight people away from success. Although nothing is mentioned in this text of strange sights in the skies, or flying saucers, the activity behind these events are. This hybridization of the human race with non-human entities is in no uncertain terms described. The portions of Christians who do not accept this rendering, do admit that using proper etymology (historical and cultural use of words) would indicate, "sons of god" were non-human angels. They then excuse this idea with a bunch of man-made concepts. The scriptures leave us with no doubt what happened by further mentions of this event by the Apostles Peter and Jude.

Angels that sinned:

2 Peter 2:4,5, "For if God spared not the angels that sinned, but cast them down to hell, and delivered them into chains of darkness, to be reserved unto judgment; And spared not the old world, but save Noah, the eighth person, a preacher of righteousness, bringing in the flood upon the world of the ungodly;"

In context a contrast of punishment and deliverance is being shown. The first group is those being judged and punished. The second group is those who are spared and delivered. In proper context, using only two examples, the Flood, and Sodom and Gomorrah. There is no doubt who Peter thought the sons of God were in the Genesis 6 account - The angels that sinned!

Left there proper place:

"And the angels which kept not their first estate, but left their own habitation, he hath re-

served in everlasting chains under darkness unto the judgment of the great day." Jude 6

While Jude in context here does not tie this event with the flood situation it is because he is assuming the reader is already familiar with this as common knowledge in his time and not necessary. (The official Bible of their time, the Septuagint, translated "sons of God" as "angels of God") These angels that "left their estate and habitation experience the same specific and unusual punishment mentioned by Peter. This punishment is what ties the two together as the same group and event. This is clearly an event of spirit, celestial beings transforming into earthly, terrestrial forms. The original language bears this out. Let's look at the words estate and habitation. Estate in the Greek is arche; it means, first ruling place or position, i.e. original position. This same word is used in Ephesians 6:12 as principalities, a government position or rank within the demonic/angelic realm. Habitation in the Greek is oiketerion, this is a house or dwelling place and in context meaning figuratively the body. This same Greek word is used in 2 Corinthians 5:4 as tabernacle, and in context is referring to the body. Clearly and logically look at this text paraphrased, "And the angels which kept not their original position, but left their own bodies, he hath reserved in everlasting chains under darkness unto judgment of the great day."

There is no way out of the understanding here; Angels left their eternal position in heaven, and their celestial bodies (1 Co 15:40) Because they did this they were placed in chains of darkness. These same chains of darkness are placed on the "angels that sinned" mentioned by Peter during the flood. One in the same! I admit that it is a bit unnerving to think that Angelic beings can intrude into our plane of existence and actually walk amongst us, but that is a Biblical fact. The specifics are not mentioned here as to how they "crossed over", but they did! I stand firmly that it was not magic but technology that produced results for them. It happened before the flood and it is happening right now. Right under our noses un-addressed because of the refusal to understand the reality of such an intrusion. Refusal to understand this falls into willful ignorance, fueled by fear.

The prophet Isaiah describes the resurrection and reminds the people that the disembodied spirits that died in the flood will have no part in any resurrection. But they are visited, and something supernatural happens.

"Oh Lord our God, other lords beside thee have had dominion over us: (better rendered: married unto us) but by thee only will we make mention of thy name. They are dead, they shall not live; they are deceased, (rapha) they shall not rise: therefore thou visited and destroyed them, and made their memory to perish." Isaiah 26:13,14

The word Paqad for visited, has a very wide meaning; the most common use is that of drawing or mustering up an army. The second is one of a supernatural intervention of the natural

course of events. Sarah was "visited" by an angel of the Lord and conceived well past the natural child bearing age. (Gen 21:1) I believe the meaning here is twofold. It is a divine intervention of a normal process to allow for a resurrection of these giants, the angels that sinned and their offspring, for the express purpose to be mustered up as an army to their final destruction. This idea is further described in Joel 2 and Rev 9.

As it is with many prophetic scriptures, this prophetic address jumps from a present condition, into an event some time in the future, that includes their eventual demise. This obviously has not yet happened, but it is spoken in the past tense. Understanding events from God's perspective, it has already happened. For us, in a linear time frame, it is still a future event.

These invisible "ghosts of the Giants" are just one group of rebels with a problem. There are the rest of the fallen angels, who also have a problem as fugitives on the run.

### The Serpent: Rebel Angels now Fugitives looking for redemption

The hybridization program today is different that the one before the flood. This is because the reasons are different. The first time for this crossing over was to deceive the world into thinking that they were fulfilling the first prophecy of the Bible. That is why it was a publicly open situation with a relationship of marriage. In truth they were attempting to contaminate the human bloodline from ever having God to incarnate and redeem mankind. The second time is one of escape. The process is clandestine because the goal is to blend into the general population. (Jude4, 10-15) The purpose for this is to influence and create a one-world government, (Rev 13:8) eliminate all those who believe in a personal God (Rev 20:4) and eternalize this linear dimension into an eternal one. (Isa 14: 13) In this delusion, they believe they can escape the coming judgment. (2 Thess2:11) This whole story cannot be covered in this short booklet to do it justice. My book series explains everything according to scripture. There is an amazing logical flow to the overall story. Related to the abduction experiences we need to see this as part of a much larger and more urgent plan for the fallen angels of God. Now let's look at their defeat and urgent need for a plan.

### Cast out of eternity

Just before his arrest and coming trial and death, Jesus stated to his disciples,

"Now is the judgment of this world: now shall the prince of this world be cast out. John 12:31.

As Jesus hung on the cross there was a war going on in eternity at that time.

"And there was war in heaven: Michael and his angels fought against the dragon; and the dragon fought and his angels, And prevailed not; neither was their place found any more in heaven. And the great dragon was cast out, that old serpent, called the Devil, and Satan, which deceives the whole world: he was cast out into the earth, and his angels were cast out with him. And I heard a loud voice saying in heaven, Now is come salvation, and strength, and the kingdom of our God, and the power of his Christ: for the accuser of our brethren is cast down, which accused them before our God day and night". Rev 12:7-10

You see, before the cross, Satan and his fallen angels had access to heaven to accuse mankind.(Job1:6) The death of Jesus on the cross repaired the paradox created in the Garden of Eden. This ended Satan and his followers access to the eternal realm. Being cast down with their fellow disembodied comrades who were physically destroyed by the flood, they are all on the run as fugitives. This entire body of rebels is described by the term Leviathan. Job and Isaiah describe this very thing:

Job 26:13 "By his spirit he hath garnished the heavens; his hand hath formed the crooked serpent."

Garnished means to make clean, bright or beautiful. Formed can mean to dissolve or wound. Crooked here means fleeing as a fugitive, to bolt or suddenly leave. This could read out like this: "By his spirit he has made clean, the heavens; his hand has wounded the fleeing serpent."

This is describing the time of being cast out after the cross. Isaiah states this even better, Isaiah 27:1 "In that day the LORD with his sore and great and strong sword shall punish leviathan the piercing serpent, even leviathan that crooked serpent; and he shall slay the dragon that is in the sea." (KJV)

"Piercing" means fugitive or the serpent as fleeing. "Shall punish" is the word Paqad, meaning to intervene supernaturally or muster up as an army. The same word is used in Isaiah 26:14 which is also describing the resurrection of the disembodied spirits from the flood! Not only does this text confirm the idea of a fleeing enemy, it places this time frame after the death of Jesus when he descended into the earth to proclaim something else to the spirits in prison. Paqad being the connecting link.

The point here is that the Gray's, or the serpent is on the run. To find a way out, Satan imitates, in the same but opposite fashion, the whole redemptive process that did him in. His hope is to produce the same results for himself and his minions. That would be to come as a "redeemer" for his own seed. Declare his own seed, in the same but opposite fashion, fulfill his law. Which would be total lawlessness. In death, the first time as one who would conquer

and destroy, resurrect and establish the pattern for the rest of his "army" to crossover. This process being that the imitator will require a technology and willing earthly vessels to assist. Cloning and Gene splicing just might be the process by which this is done. In order for them to intervene into our realm, they need our permission or willingness. That is why there is such a promotional campaign going on now and such a naive acceptance by some New Ager's and others in the UFO community to believe that these beings are doing any good. For abductees to want to call themselves an "experiencer" is just as ludicrous as Nazi death camp inmates calling themselves a vacationer!

### It happens Again: A Satanic resurrection

I have shown scripture that clearly confirms the crossing over of spirit to flesh. We need to see how the same event is prophetically mentioned to reappear again in the last days. In context here, the prophet Daniel has been given the understanding of King Nebuchadnezzar's dream. This dream outlined the rest of the empires that would appear on earth, leading to the last one-world empire on earth, during the return of Christ. Within this last empire is the mention of activity that can only mean this hybridization reappears again!

"And whereas you saw iron mixed with miry clay, they shall mingle themselves with the seed of men: but they shall not cleave one to another, even as iron is not mixed with clay." Daniel 2:43

The "mixing the seed with men" has been traditionally the understanding that this was the ruling class mixing with the working class in a communistic or democratic form of government. The original language in no way, even remotely suggests this idea. The term for miry clay means filth, to be swept away from burnt clay of the potter. I hardly believe that this is the view God has of the working class. This would be the view he might hold to a forbidden seed of fallen angels. Seed or Zera means progeny, offspring, fruit or sperm. In context, this is describing a mixing of genes of Human and Fallen Angel. A hybridization program reappears in the last kingdom before Christ returns. It is different than before the flood because no relationship is involved. "They shall not cleave one to another," is not referring to an unsuccessful mixing but rather to the fact of no personal involvement of any relationship, as was the case before the flood. This mixing is in a clinical situation (i.e. abductions) rather than the pre-flood method of marriages. This process will also be headed by the Antichrist as part of his agenda.

### Help from the Antichrist

We also get this same theme alluded to at the hand of the Antichrist. Again this is not so easily seen on the surface but by using proper Biblical symbolism and a more detailed meaning from the

original languages

from this genetic perspective this scripture can read out to make the same claim.

“But in his estate shall he honor the God of forces (the invisible forces Hitler always spoke of?): and a god whom his fathers new not shall he honor with gold and silver, and with precious stones, and pleasant things, Thus shall he do in the most strong holds with a strange god, whom he shall acknowledge and increase with glory: and he shall cause them to rule over many and shall divide the land for gain.” Daniel 11:38,39

The previous scriptures above this one declares the he does not believe in any god and has placed himself in a position in his own heart as god. Now here it appears that he does acknowledge some god. In the original language, “honor” means “to pay tribute, to increase or make fat”. “God of forces” is in the sense of “a defense or guardian”. He increases or fortifies a position of defense. A god his fathers knew not, means to have an intimate personal relationship or contact with? He shall increase with gold, silver and precious stones and pleasant things (or things desired). This text sounds almost outrageous at first appearance. Remember the building of idols as described in Psalms. Many have looked at this passage with the idea of economic help as these elements are the standard for economy. (Or used to be). Back to the original language we could be looking at building elements in a completely different manner.

“He will abundantly supply the shining of gold, pieces of siverling, and rare stoney ground, and things desired.”

This is the literal meaning. It does not seem to make sense at first glance but here, we must use some standard biblical symbolism.

### Elements of Construction

Gold is “deity or God” the “shining of Gold” would be the light reflecting from it. Jesus is described as

the radiance of His (The Father’s) glory and the image of His person. Heb 1:3 therefore the “reflection of

God”. He is also called the “firstborn of many brethren”. Born-again believers in Christ are described as

taking on the “image of Christ” by the power of His spirit. 1Col 3:10, 2Co3:18 and John1:12.

There is

something that produces the reflection of God within mankind that is being extracted and spliced with this

“demon seed”. This perhaps is either reproducing something to look like humans or something to give an

appearance of a resurrected body. Of what exactly I am not sure at this time. But be assured, there is something being taken and spliced. It is for the purpose of imitating the “reflection of God”. Silver is symbolic of “redemption”. Silverling is a coating or plating process. Therefore “a redemptive covering”. Cattle was used in the Old Testament as a sacrifice for a “redemptive covering” for sins. (Firstborn preferred). The first stages of development is to produce a hybrid with sensory organs from animals that in turn can reproduce with humans producing the end product, the Nordic or a humanoid with a DNA signature of the serpent. Precious stones are actually “rare stony ground”. Rare stony ground is described as the state of the human heart un-regenerated by the Holy Spirit. What the Bible refers to as being “born again” is when a melding of His Holy Spirit and our human spirit come together. Ezk36:26,27 “Rare stony places” suggests the “unsaved”, or at least a certain type of an unsaved individual. As previously mentioned in Isaiah 14, the Caucasian. Precious things is better rendered, “things desired”. Now lets put this together and see how it sounds.

“ He will abundantly supply the reflection of God, a redemptive covering, rare Stoney ground and things desired.” (UJWV)

He supplies, something genetic reflecting the image of God from abductions, a redemptive covering from Cattle Mutilations, genetic material from the unredeemed or serpents seed And other needs such as underground bases, permission to exercise power in the affairs of men and... food.). The coincidence of this interpretation is uncanny. It speaks to us today about what is going on right under our own noses! This could be how Daniel “shut up and sealed” the words of prophecy into the text, not to be understood until such events would reveal the hidden meaning behind the word usage.

Fallen Angels Genetically Crossover to Becomes the Nordic Good Guy Aliens

Notice also in the text, he acknowledges a strange god. This means he takes an intense study and understanding of an (It was strange to find this as one of the meanings) ALIEN GOD! Perhaps studying the physics and technology of their culture as what happened before the flood could be included in this intense study. He will increase them with glory. We have already seen that they have a glory throughout history and quite a promotional campaign going on right now. He will cause them to rule over many. This cross-references with Rev 13:13,14 . The image of the beast is to be worshiped. Power is given them over the people of the earth. This will not be imposed like in the movie Independence day, it will be compelled and desired. Perhaps by presenting themselves as the Nordics who they will claim are actually the angels of the Bible who have done all the good intervention upon earth throughout our history. They will be adored and power given to them willingly! This too is some time in the near future.

Now in a clandestine manner the army is being built and placed into position like a chess game. There is a trade going on here. He (the antichrist) is supplying these things for a price. Perhaps technology, and a forbidden physics of the eternal dimension. He divides the land or soil. "Adamah" is the word used for "soil". It is a generic word used generally for "land in the physical sense". There is a connection with man to it as "Adam" is used for "man" and derived from the same root to be made red or ruddy. He could be dividing "physical land" or figuratively land as in soil as "genetic material" of which man was made from.

Genetic development required:

The prophet Isaiah at a time when the Philistines were gloating about a great victory gave this prophetic warning.

Isaiah 14:29, "Rejoice not thou whole Palestina, because the rod of him that smote thee is broken: for out of the serpents root shall come forth a cockatrice, and his fruit shall be a fiery flying serpent."

Now once again on the surface this does not appear to be saying much that makes sense. By once again, going back to variables in the original language with a 21st century outlook, a different picture may be illustrated for us, and much more relevant for today. This could be a possible rendering:

"Rejoice not all of you Philistines, because the tribe of Israel (Dan) that punished you is broken off, to pluck from the serpents soil, an extrusion of offspring, shining ones to cover with obscurity the serpent."

The Philistines were the last group of people to have the remaining "seed" of the Giants or Nephilim remain in their gene pool. They were the race of giants that existed in various tribes that God told the Israelites to completely destroy. These were the same ones present before the flood and part of the reason for it. This amazing verse when re-examined, is telling us that from their interbred stock containing this seed of the serpent and the genetic stock of the serpent would come an extrusion of offspring. I have been told that gene splicing could be described as a process of "extruding" the desired DNA from its source! From this scripture we have a progression of generational development. From the serpent, or Gray, we have a spliced hybrid a result of Gray/Human splicing. From sexual encounters of this hybrid with members of the human race who bear the genetic trace of the Nephilim, the modern day decedents of the Philistines, a refined human-like "shell" is created for the Grays, and the disembodied spirits to slip into like a suite. The interesting thing is to understand just who the Philistines were.

Who were the Philistines?

In Gen10:14 they are referred to as descendants of Ham who were black. This was true in the third millennium B.C. They were the original settlers, being peaceful agriculturalists of Hamatic descent, and not the later belligerent maritime "sea people" who invaded and conquered the land from Capthor. (Crete). These guys acted much like the later Vikings, and perhaps one in the same. Amos 9:7 refers to the Philistines from Capthor. The Capthorim in Isaiah's time had long since been called the Philistines who occupied Philistia. They were the Aryans, Indo-Europeans. On the temple of Rameses III in Medinet, a relief shows them to be tall Hellenic-looking people. The name Philistine means migratory. Japheth the eldest son of Noah was said to be the first descendent of the White or Caucasian Race. It was said that God would enlarge Japheth and he would dwell in the tents of Shem and Canaan would be his servant. This shows a people on the move with a genetic tenancy to invent, conquer and dominate. Being the firstborn of the human race they would hold "Legal" birth-right of any inheritance. I say this only in the sense of Satan being a legal adversary trying to stake a claim, he would naturally use the firstborn in a legal sense, as well as a biological one for certain genetic traits. Especially when the promised spiritual redemption and "chosen" came from the descendants of Shem. I believe an army is under construction. The warrior traits of Cain and the physical attributes, as the root of the serpent are what they desire. This strain would be stronger in the firstborn of the human race. This is why there is both legal and biological preference placed upon the whites.

Evidence concurs with Scripture.

At the 1997 MUFON meeting in Grand Rapids, I had a chance to talk with Dr. David Jacobs and Budd Hopkins. These two men are acclaimed to be among the top "experts" on Alien Abductions. I asked them a leading question of just who was being abducted. In a tongue in cheek manner they replied almost in harmony, "The question is who isn't being abducted." They truly believe that this phenomenon is much larger than could be imagined. I tend to agree with them only based on what I believe the Word of God tells me about it. I then asked if there was any particular group or race that seemed to experience this act more than others. "Well, members of all the races have been abducted," (in an almost embarrassed manner as if not wanting to be mis-understood,) they continued to confess that, " however there is a disproportionate amount of whites that seem to be abducted, and we don't know why really".

I figured he would say that, as a matter of fact I was counting on it. It tells me that their findings concur with what the Bible tells me. The abductions were merely a continuation of a genetic manipulation to produce a shell for the serpent to hide in. It would be at the hand of the Antichrist. And the image of this redemptive covering would be the tall blond hair, blue eyed Nordic. Where have we heard this one before?

Same Old Lie!

We have heard this story before. The Nordic was once called the Aryan. Theosophy's acclaimed "master race". Hitler's desire was to have this image worshipped.

"The man-god, that splendid Being, will be an object of worship!"... " National Socialism... is more than religion; it is the determination to create a new man."... "...and the ultimate aim is the coming of the Sons of God." ... Adolph Hitler

The Bible describes an Image of the beast as something that comes to life to be worshiped. Consider this somber warning from the Bible about the creation of man.

Mankind is a three dimensional creation of God.

One practical point that most people are not aware of is a Biblical concept that mankind has a three part make up to our total mortal existence.

1. A body: 1Co 15:50 states that there is no redemption for the human body.

It will die with a promise of a resurrection to those who have put their trust and faith in God.

2. A soul: This is the intangible part of your existence. Your mind or intellect is your ability to make a free will choice based upon experience. It is in need of a renewal or a rethinking process because we are subject to this current fallen state. Mk8:36 Matt10:28

3. A spirit: The above two parts are biological and physiological aspects of your existence. The spirit of man is a third dimension that makes us different from any other living creature. This is an exclusive part that God gives and takes back upon death. Man does not have any control over this part Ecc8:8. It is not a physiological part of our make up. God exclusively places it within us. Ecc12:7 This is the part created within us to have an intimate relationship with God. At our acceptance of His Ways and His Son, we are told that God puts his Spirit in us to merge with our human spirit. This is what being "born again" means. The best description of this comes from the Old Testament!

Ezek 36:26-27 A new heart also will I give you, and a new spirit will I put within you: and I will take away the stony heart out of your flesh, and I will give you an heart of flesh. And I will put my spirit within you, and cause you to walk in my statutes, and ye shall keep my judgments, and do them.

As man attempts to clone humans, what guarantee do we have that this creature will have three dimensions. The only guarantee we have in the Bible says we can only reproduce a two dimensional being. What this being would be is an "Image" of a human. The Bible warns that in the Last Days an individual will make something inanimate come to life. This is called the "image of the beast". In Rev 13:13 the word for image is plural, meaning many. It also means a replica or similitude. Is cloning, or the technology of cloning, a part of the direction that will fulfill this prophecy? If man reproduces an image with two dimensions, the Bible warns us there are 200 million disembodied spirits waiting for a new earth suit. Is part of mankind unwittingly helping create a satanic resurrection? This is what abductions are all about!

Encrypted in Genesis 11 is the allusion of a hidden fortress of Anu in a open desert area (rare stony places?). This reference may not be describing ancient Babylon but rather the New Babylon existing in the end times. Anu was the ancient Sumarian God who is said to have created all the other lesser gods. This ancient civilization was the first to deify the sons of God and their offspring as the ancient gods. All ancient mythologies are the memory of these creatures. As we have discussed, they have become the dis-embodied spirits called demons today. They will be resurrected back into a physical form. The seed will mingle with humanity in the last beast empire, this revived Babylon. This empire will be divided, part scattered and part united as stated in Daniel 2:43. The mixing of human/fallen angel will be clinical without a relationship. Cloning will probably be the technology to produce this desired end. Abductions will be the provision for needed materials. Where is this New Babylon? Does it have to be on the plains of Shinar again or could it be somewhere else.

## Your Defense Department At Work:

Notice his estate or position from where he operates is one from a defensive one? In Daniel 9:27 we see an army of idols that comes from the highest level of defense. The Abomination that makes desolate performed in the Second Temple by Antiochus Epiphanes who was a foreshadow of the Antichrist is a symbolic type of what is to come. He placed a pig upon the altar in the Holy of Holies, the inner sanctuary. He also placed statues representing false gods on the ramparts of the temple. Ramparts are the highest point of defense for ancient buildings and castles. In this symbolism, Only a lamb without spot was to be sacrificed upon the alter. This was symbolic of Jesus' first mission to be the "Lamb of God". In mockery and I believe prophetic symbolism, The Antichrist as the pig, an unclean animal in the eyes of the Jews was slaughtered in the place of the lamb. The Antichrist would assume the same function and mission. After the sacrifice the "shekinna glory" would emanate from the inner chamber, from outside the reflected light would appear to shine from the ramparts. As a mockery, false idols are placed there instead This same pattern was also reproduced in Herod's Temple in 70AD. It was recorded that Titus of Rome placed a statue of Zeus in the Holy of Holies and each Roman legion placed their banners upon the ramparts of the temple walls in mockery to the Jews. This pattern is more than coincidental. This pattern could be symbolic of a day when the highest level of defense from the within the innermost sanctity of the country supposed to reflect the glory of God instead produces the risen Antichrist and an "army of Idols" to follow. As we have seen that would be the sides of the North, America and the Pentagon, the highest level of defense! Again No coincidence!

## Clues of Coincidence?

It makes me wonder why after World War II did our Defense department changed from within from Operation PaperClip and the Gehln organization. The outward show was a new building, The Pentagon. The Philistines held their power by a five city fortification called the "Pentapolos". Both are reminiscent of Satan's Pentagram and his five "I willed plan". Coincidental symbolism? Or real signs and wonders to give us a clue? Are we simply carrying over and continuing on with the technology gleaned from Nazi Germany in cloning technology as we did with the space program? Is America part of the divided kingdom of Daniel 2 The alluded alliance mentioned in Job with the Stork that becomes the Ostrich who plays with the Horse and the rider.

The one who becomes the harlot who rides upon the beast with the inscription upon her head?

"And upon her forehead was a name written, MYSTERY, BABYLON THE GREAT, THE

## MOTHER OF HARLOTS AND ABOMINATIONS OF THE EARTH." Rev 17:5

The above text of scripture is describing the woman riding the beast. The woman is the false religious system and the beast is the last empire. The inscription describes the spiritual and physical activity that takes place within this place. Harlots would be the false message and religion, in our case Theosophy as the opposite to the church described as the "bride of Christ". Theosophy was the message of ancient Babylon, The Nazi Empire and the New Agers of today. It is also the constant message of any and all types of "aliens" that mankind has had contact with today. The Abominations of the earth is this genetic mix of Angel/Human called by the Bible as the image of the beast. This image is looked upon by God as an abomination. We knew them as Blavatsky and Hitler's Master Race the Aryans. The UFO community today sees them as the friendly Nordic type aliens often compared by them as the Angels mentioned in the Bible.

The end of the Genetic Rainbow: The Nordic, a shell to for the serpent to hide in.

### General Description:

Nordics are said to be 6' to 8' tall. They are also called the "Blonds" and "Talls". An unusual consistency is that they are always reported as very handsome or beautiful men and women, in perfect physical shape. No one has ever seen old, plain, chubby or blemished Nordics. They all are said to look like a perfect specimen. Just what one would expect if you were a selected, genetically engineered product. They usually wear a tight fitted body suit. Many have been seen with a symbol of a serpent with wings, a triangle or a stylized swastika. In the 50's many were reported speaking German or English with a Germanic accent. Their spaceships resembled captured Nazi prints found at the end of WWII.!

### What they say about themselves:

The normal 6 to 6 1/2' tall Nordics were the only recorded "aliens" sighted by "Contactees in the 50's. During this time the Nordics gave a variety of origins, Venus, Saturn and Jupiter being the most popular. Their message of warning to mankind was to stop nuclear testing. They warned of a possible World War III. The "spiritual" emphasis seems to have developed slowly over time. It is interesting to note that as voyager and explorer missions gave us a better understanding of the conditions of the other planets and their hostile environments, the Nordic's suddenly came from farther out in space, no longer in our own solar system. You should realize that these guys seem to change their story just as often as the Grays. They say they have a non-interference policy and only intervene when actions here may disrupt other areas in the cosmos.

The more recent contacts with "Nordics" have stated that they are now from the Pleiades.

These messages are much more metaphysical with a Theosophical philosophy. They warn of a coming pole shift, earth changes and catastrophes. They talk about being in "harmony" with the earth to minimize physical effects on the earth. Conforming our thoughts and ideas to these changes will create this harmony. A rethinking of our concepts of the cosmos, God, and life is necessary to create this "harmony". They tell some that they are related, being incarnate souls from their world. They encourage the individuals to learn and study truths from all sources and help to unite mankind.

## Historical Interventions?

It is more than just a coincidence that throughout history many cultures have had encounters with a "White Spirit" or "White gods" from the skies. Their visits have coincided with a sudden acceleration of knowledge in their societies. The following is a list of just a few of the historical and or mythological events of inter-reaction with man and "heavenly white guys". There seems to be quite a lot of involvement for a policy of non-intervention? Much of this intervention would appear to have little to do with the rest of the cosmos. What about the prime directive Captain!

1. Ancient Sumeria - The Anunnaki, meaning, "Those who from heaven to earth came". Described as white gods from the skies. They were attributed to giving the written languages, sciences and building technology. Word etymology is shared with the Biblical Annakim. (Num13:33). These were the sons of Anak. They are same giants and genetic link to the "fallen ones" of Genesis 6 who were big, bad guys with a bad attitude. The Anunnaki in Sumerian Mythology are said to have come from the heavens, but now live in a subterranean domain.
2. Mesopotamia - Ahura Mazda meaning spirits of knowledge. These were "white spirits that flew in a shiny disk." Ahura Mazda appeared to Zoroaster who was told that he was the one true God. Part of their religious beliefs included ritualistic human sacrifice.
3. India - Asura meaning, white gods of the wind. Gave understanding of ancient knowledge. Vishnu the third deity of the top godhead is to come back on a white horse. Ancient Vedas describe a pre-flood world filled with aircraft called Vimnas, which are engaged in aerial combat. A description of missile launches, and nuclear war, fallout and radioactivity are described in the Vedas also.
4. South America - Viracochas meaning, "white masters". Legends describe a bearded white god who came from the skies and promised to return. Gave astronomy, building skills and culture to the Incas. They are said to have lived in the ancient ruins of Taihuanacu, Bolivia. Legends say the Viracochas constructed the city in one night by floating the giant

blocks together with the sound of a "trumpet". Ritualistic human sacrifices accompanied their religious beliefs.

5. Mexcio - Quetzalotal meaning, white-feathered serpent. Another bearded white god who came from a seven star system. (The Pleiades is a seven star system). He left by sea to their earthly home Tulla. (This is a variation of Thule, Aryan capital of an inner earth of Nazi myth). Tulla was located (according to Aztec legends) in a place of the sun, which now is frozen over and the sun has disappeared. (Antarctica?) He promised to return. Cortez was mistaken for this deity. The result of this contact was an increased knowledge of Astronomy and their calendar, which is as accurate as our atomic clock. Human sacrifice was also an important part of daily life for the Aztecs.

6. North America - Hopi Indians believed in the Bahana. He was said to be a "white brother" from the skies. The Bahana gave them spiritual understandings and a cosmology of Theosophy!

7. A future intervention? – George Washington had a three-part vision presented to him by an Angelic visitor. In this, the victory of the revolutionary war was given, the civil war with victory for the union was also prophesied. The third part mentions a multi-national invasion of America. At a time when defeat seems imminent, "white spirits" from the heavens come down and secure victory. This account was first printed in the National Tribune in December of 1880. Can the story be validated? I am not sure it can. It was considered valid enough to be quoted by the well-known book, None dare call it Conspiracy by Gary Allen and Larry Abraham. It has been widely published in much patriotic literature since. Although this vision cannot be confirmed, it is widely published and accepted by the public. This creates the illusion of reality, and seed planted in the minds to anticipate its fulfillment.

Nordics defined by the Bible as "Angels of Light"

If you consider yourself a Christian, then there is a standard contained in the Bible for us to measure any message or creature by. If you are not a Christian this will seem preachy and I cannot apologize for it. This is what God's word says to everyone about any encounter with ETs, Angels or any other entity.

By their own words they currently have finally decided that they are from the Pleiades. This celestial origin is a seven star system symbolic of Baalam or Lucifer. They consistently proclaim Theosophy as their world-view , both spiritual and natural. Sometimes they spoke German. They don't always tell the truth (i.e. their origin) their symbols if any, have been winged serpents or stylized swastikas. Their actions of non-involvement include the creation of myths and legends throughout history in all societies by the "planting" of thoughts, knowledge and traces of technology. In word, appearance, and actions, it is not so hard to

surmise just who the Nordics are. The Nordics come preaching another gospel. Their message does not contain anything, even remotely in harmony to the simple Gospel message of the Bible.

The Bible gives us total discernment, if we chose to believe it.

"But though we, or an angel from heaven, preach any other gospel unto you than that which we have preached unto you, let him be accursed." Gal 1:8

In order to understand this scriptural warning; we must know just what the gospel is. Gospel means good news. This is the good news.

Gospel in a nutshell

"For God so loved the world, that he gave his only begotten Son, that whosoever believes in him should not perish, but has everlasting life." John 3:16

"For the wages of sin is death, but the GIFT of God is eternal life through Jesus Christ our Lord" Romans 6:23

"For by GRACE are you saved through FAITH; and that not of yourselves: it is the GIFT of God: NOT OF WORKS, lest any man should boast." Eph 2:8,9

"For there is one God, and one mediator between God and men, the man Christ Jesus." 1Tim 2:5

We are to accept nothing else, from anyone else. What makes true Christianity different from any other Philosophy or religion is the inability for man to accomplish redemption by his own merits and efforts. You cannot earn it or learn it. You accept the finished work of one man that took your place and did the impossible for you. It is relationship, not religion or philosophy that places you into a family of God's creation.

Why are these Aliens subject to a the Name Jesus?

Another amazing finding from the Alien Abduction Conference at MIT was the effective means, which stopped abductions in the process. This is found on page 235-36. Reciting the Lord's Prayer and singing Christian hymns stopped abductions. Florida State director of Mutual UFO Network, Joe Jordan worked on several cases where abductions were stopped

by using the name Jesus. This constant was so profound that it led to his conversion as a Born-Again Christian. Joe is still a MUFON director but in addition he now heads a Christian counseling center for abductees also! Again, these incidents concur with what the Bible says.

"Wherefore God also has highly exalted him, and given him a name which is above every name: That at the name of Jesus every knee should bow, of things in heaven, and things in earth, and things under the earth; And that every tongue should confess that Jesus Christ is Lord, to the glory of God the Father." Phil 2:9-11 (KJV)

The simple and seemingly illogical and unscientific use of the name Jesus, or identification and recognition of His deity as an effective resistance to abduction, says many things to us. Although Abductions are very real, involving very real physical beings, (fallen angels not Aliens) it is a spiritual problem. A spiritual problem will only be combated effectively, using spiritual means.

"For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places." Eph 6:12 (KJV)

These spiritual weapons are age-old tools to apply that have been misrepresented and ignored. Unfortunately much of the misrepresentation is from the so-called church. This has turned a deaf ear for many to anything "Christian" as being outdated, non-progressive and ineffective. Regardless of your own personal background and mis-conceptions, there is a risen, powerful, and loving creator who has the answers and means to rid your personal life from anything, from anywhere. A very unusual promise is one of my favorite scriptures. I do not think it is mere coincidence how Paul wrote this comforting promise, for it speaks of alien abductions and many unexplained problems.

"For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come, Nor height, nor depth, NOR ANY OTHER CREATURE, shall be able to separate us from the love of God, which is in Christ Jesus our Lord". (KJV) Rom 8:38-39(Emphasis mine)

At Echoes of Enoch Ministries, we can humbly say we have all the answers to help you out with the unexplainable paranormal problems. Our weapons are not technology or intellect; it is Faith in our creator to use His methods of Spiritual combat to engage a real enemy. We win! we always win because we are his children. Let us help you further in any way we can.

One suggestion, as a first step, is to give your life over to your creator and savior Jesus Christ. Receive these promises for yourself as one of his children. If you are to a point in

your life where you have tried everything else and are still looking, then take this first step. It doesn't matter what bad experiences you might have had with "churches" in your past. You are confronting God, not people. In a simple short prayer, invite him into your life. Pray:

"Jesus I know I have fallen short of being perfect, forgive me of my shortcomings, come into my life and my heart and lead me and guide me. Help me live for you. Thank you for saving me. Amen."

That is the first step. If you prayed this prayer, that was the starting point to eternal life and a promised abundant life for now. Please contact us and let us help you further in your new life in Him.

In this booklet we have only touched the tip of the ice-burg to a much larger story.

In my book series I will show you the rest of this multifaceted story with all of its intricacies. In closing I have added the standard questions asked to assist in determining if you have ever had this experience of abductions.
